

That's the link for the libraries in the Netherlands:

<http://www.bibliotheek.nl>

and that's the one for Belgium:

<http://www.bibliotheek.be>

Here you can find your local library:

<http://www.bibliotheek.be/mijn-lokale-bib>

I'm sure it is no surprise to you after looking at the links that 'de bibliotheek' the library means. Sometimes it's shortened to 'bib'. So you can ask at your local council: 'waar is de bib?'
